

NGS MOVEMENT

the next generation of service

Our Story

The NGS Movement was founded a little over a year ago with a vision to create a world where every young person ages 18-25 dedicates a year of their career to serve at a social change organization. NGS's services function as an online alternative career center, promoting long-term volunteer programs such as AmeriCorps and World Teach by offering one-on-one peer guidance, a database of volunteer opportunities and feature stories from alumni of these programs. We have already built partnerships with not-for-profits, service alumni and over 30 universities across the country, including San Diego State University and the University of San Diego. Our organization has survived on a startup grant from the Zahn Innovation Center and grassroots donations, however for us to reach more youth today we need help to expand our sustainable revenue streams. This exciting event will bring together a variety of stakeholders with a common goal to make a difference. Money raised will go directly toward our service line and the development of our "How to Create a Service Year" curriculum for not-for-profits (a program we charge for).

Event

NGS Fundraiser

Tuesday, April 28th

6:30-9:30pm

Wang's in North Park

Help us raise funds for our newest program "How to Create a Service Year"

Sponsorship LEVELS

platinum level

\$500

gold level

\$200

silver level

\$100

Why Sponsor

Exposure:

Your organization's logo featured on event signage, in our marketing materials (Facebook, e-newsletter) and our website

Benefits:

Free tickets to this fun event; potential tax deductions

Opportunity:

To present your organization and connect with local change makers, students (our future workforce) and entrepreneurs

Why we want you to sponsor:

We want to highlight companies that believe in the betterment of society and the value of community. The students we work with want to make a living and make a difference – it is important we display models for how to do this (that's you!).

We hope you can benefit from being in the same room with the not-for-profits and universities we partner with.
